Why Use a Segway to See the Island?

As a leader in two-wheeled electric mobility, it's always been Segway's vision to produce environmentally friendly short-distance transportation alternatives.

Today, more and more people are using the Segway PT as an eco-friendly alternative for many of the short journeys that are typically made by car.

Experiencing the Island by using Segways gives one the ability to enjoy 360 degrees views, freedom of movement and adds a fun factor to any tour....

Choose from a variety of innovative tours – viewing cultural sites, the country side or the sea side..

Golden Sands Rally
Enchanted Silent City Mdina
Red Cliffs Island Spectacle
Stunning Selmun
Valletta Experience
Ride on Dingli Cliffs
And more.....

Fun Teambuilding Events

Segways are a great way for teams to spend time out of the working environment, whilst sharing unforgettable times and building better relationships.

Also taking the concept of treasure hunts to another level, with the launch of treasure hunts on segways. Apart from the exhilaration that a treasure hunt brings with it, participants will have the added excitement of looking for clues while riding a Segway. The treasure hunt on segways is being held in scenic surroundings of the Dingli, Buskett and Dingli Cliffs.

Segways have the potential of bringing people together to interact and work together.

We can arrange a totally customised event for your company.

Simply let us know what you would like to do, or ask us about our recommended events.

We would be happy to discuss what would be best for you and your team.
