

CHARITABLE TREASURE HUNT – Malaga City Centre

What better way to discover the gems of Malaga - with its historical centre's winding backstreets, wide boulevards of El Parque's tropical gardens and the main pedestrianised shopping area of Calle Larios - than by this Charitable Treasure Hunt.

Armed with a list of "clues" the participants not only see Malaga's main historical sights, such as the Cathedral, Picasso Museum, Alcazaba, but during the course of their "Hunt" stop in various shops to purchase small gifts or toys (to be paid for by participants) and the gifts are later donated to a local charity for local homeless children.

There's a guide on hand for participants who need assistance with their clues!
